CSR Activities

Komatsu recognizes that the business activities which embody our strength are in fact CSR activities. We strive to respond to the demands of society, through our core business. Our company contributes to infrastructure development which promotes enhanced quality of life, through products and services we provide. At the same time, we pursue product development featuring environmental friendliness and safety. Komatsu contributes to local communities through sustainable operations, provides social contributions using our core technologies and resources, and promotes human resource development.

1) Contribution to the local community: Restoration through collaboration with citizens (Australia).
2) Social contribution efforts through business: Support of anti-personnel landmines and support for reconstruction.
3) Human resource development: Komatsu Equity Sharing Class for Children.
4) Human resource development: Human resource development: a global scale jointly with Canon Inc.
